Post Office Department,

Finance Office, 1861.

Postmaster

SIR:

You will receive herewith a supply of Postage Stamps, which, you will observe, are of a new style, differing both in design and in color from those hitherto used, and having the letters U. S. in the lower corners of each stamp, and its respective denomination indicated by figures as well as by letters.

You will immediately give public notice, through the newspapers and otherwise, that you are prepared to exchange stamps of the new style, for an equivalent amount of the old issue, during a period of six days from the date of the notice, and that the latter will not thereafter be received in payment of postage on letters sent from your office.

You will satisfy yourself, by personal inspection, that stamps offered in exchange, have not been used through the mails or otherwise; and if, in any case, you have good grounds for suspecting that stamps presented to you for exchange were sent from any of the disloyal States, you will not receive them without due investigation.

Immediately after the expiration of the above period of six days, you will return to the Third Assistant Postmaster General all stamps of the old style in your possession, including such as you may obtain by exchange, placing them in a secure package, which *must be carefully registered in the manner prescribed by Chapter* (39) *of the Regulations of this Department.*

Be careful also to write legibly the name of your office, as well as that of your county and State.

A strict compliance with the foregoing instructions is absolutely necessary, that you may not fail to obtain credit for the amount of stamps returned.

Instead of sending the old stamps to the Department, you can, if convenient, exchange them for new ones at some city post-office, where large supplies are to be found.

It being impossible to supply all offices with new stamps at once, you will deliver letters received from Kentucky, Missouri, Illinois, Indiana, Ohio, Maryland and Pennsylvania, prepaid by stamps of the old issue, until November 1st; those from other loyal States east of the Rocky Mountains, until the 1st of December; and those from the States of California and Oregon, and from the Territories of New Mexico, Utah and Washington, until the 1st January, 1862.

I am, respectfully, your obedient servant,

A. N. ZEVELY,

Third Assistant P. M. General.

BOWLSBY ESSAYS

These were experimental to prevent the reuse of a stamp by washing or erasing the cancel. The post office would tear off the coupon to cancel the stamp and not accept stamps without coupon being attached. A patent was obtained on Dec. 26, 1865.

PHILADELPHIA MARKETS.

FRIDAY MORNING, JULY 4, 1862.

REVIEW OF THE WEEK.

REMARKS—The past week has not been characterized by much activity in trade, but there has been great excitement with regard to the movement of the Union forces in Virginia. The progress of the army under Gen. McClellan, has been the general subject of anxiety among all classes. The continued extraordinary upward movement in the premium on gold, and the consequent unprecedented high rates of foreign exchanges have attracted much attention in financial circles. Bark comes forward very slowly, and is in steady demand. In Breadstuffs there is a firmer feeling, under the favorable advices from Europe, but without change in prices. The demand for Flour has increased, and prices are firmer. Rye Flour is a shade lower. Wheat, Rye, Corn and Oats command last week's quotations. Candles are unchanged. For Coal there is an active demand, and dealers have again put up their prices, in consequence of the advance in the rates of freight and toll. Coffee is held firmly. Sugar meets a steady inquiry at full rates. Molasses is rather quiet. The stock of Cotton in the hands of the trade is nearly exhausted, and the tendency of prices is for a further rise. Drugs and Dyes are unsettled. Feathers are steady. Fish meet a very limited inquiry. Foreign Fruit of all kinds is scarce, but in Domestic Fruit there is a good trade doing. No change in Hemp or Hides. The Iron market is firm, and many of the makers of Pig Metal decline to contract except at a further advance. There is very little Pig Lead here in first hands. Naval Stores are held with more firmness, except for Spirits of Turpentine, which is rather lower. In Oils there is no change to notice except an upward movement in Petroleum and Linseed Oil. Plaster is steady. For Provisions generally there is more inquiry, and a fair trade doing. Of Rice the stock is very low. No change in Salt. Seeds of all kinds are scarce. Tallow, Teas and Tobacco command very full rates. The receipts of the "new clip" Wool are increasing.

Oats—Supplies are coming forward slowly, and there is a good inquiry, mostly for the supply of the Government. Sales of 7,000 bushels prime Pennsylvania at 39 @40c—mostly at the latter rate, and Southern at 37@ 38c. To-day 5,000 bushels State sold at 40c.

Feed—Continues neglected, with small sales of Middlings at $18@20, and Brownstuffs at $15@16 ₱ ton.

Buckwheat—sells in a small way at 50c, at which figure it is wanted.

Buckwheat Meal—Is nominally held at $1,50, but without sales.

Barley—Is out of season, and no transactions have been reported.

Barley Malt—Is but little inquired after. Small sales at 90c@$1 ₱ bushel, as in quality.

Beans—Are held firmly, and selling at $2,25@2,75 ₱ bushel.

Peas—Canada sell at 90c. There are no B. E. Peas here, and they are wanted.

CANDLES—Are very dull. Sales of City manufactured Adamantine at 15@16½c, and Western at 17@ 17½c, 4 mos. Tallow Candles remain as last quoted.

COAL—The unsettled condition of the trade, and the recent advance demanded by holders, has tended to materially restrict the demand. The rates of toll on the Reading Railroad and canal have advanced 40c ₱ ton. Orders from the Eastward have fallen off, but considerable sales are making on Government account.

COFFEE—There has been no arrivals since our last notice. There is a moderate inquiry, and prices are very firm. Sales of 900 bags Rio at 18½@21½c for low grade and good quality; 900 bags Laguayra at 21½c, and Java at 25c, cash. The total stock in the country is 140,500 bags.

COPPER—Continues dull. In English Sheathing there is nothing doing. Yellow Metal is in steady demand at 22c, 6 mos. Nails, Bars and Spikes sell at 25@ 27c, 6 mos.

COTTON—There is a good demand, and the market being comparatively bare of the article, prices have again advanced 2 to 3c ₱ lb. Sales of 420 bales middlings and good middling Upland at 39@41c, cash, including 28 bales common quality Sea Island at 34c; 100 bales St. Domingo at 31c; and 11 bales Pernambuco at 41c. By auction 100 bales sold by the U. S. Marshal at

Scotch Pig—There is nothing doing. We quote at $24,50, 6 mos.

Bar and Boiler Iron—There is no falling off in the demand for Bars and Boiler Plates, and the rolling mills generally are well supplied, with orders. 1,000 tons Street Railroad Bars, for Washington, sold at $82, cash. 500 tons best Phœnix Refined Bars sold at $85, and 200 tons common do at $65, 6 mos, delivered in New York.

LEAD—There is but little stock left. Sales of 1,000 pigs Galena at $6,85 cash.

LEATHER—Prices are steady for both Spanish Sole and Slaughter, but there is very little demand for any description except the former, which is scarce.

LUMBER—There is a fair business doing for the season, but without change in prices. Sales of Southern Yellow Pine Sap Boards at $13@14 ₱ M feet; and 500,000 Laths at $1,25@1,30. White Pine Shipping Boards sell at $14 to $16. Pickets are worth $6@6,50, but there are not many here.

MOLASSES—The market is rather quiet, with a firm feeling in the article. Sales of 40 hhds Clayed Cuba at 24@25c, and Muscovado at 26@27c, 4 mos.

NAVAL STORES—The unsettled condition of affairs recorded last week has somewhat subsided and there is a firmer feeling generally. Sales of No. 2 Rosin at $10 ₱ brl. Tar sells at $10@12—the latter for Wilmington, and Pitch at $9,50@9. The inquiry for Spirits of Turpentine is limited, and consumers purchase only to supply their most necessitous wants. Small sales at $1,36@1,37, cash, which is a decline.

OILS—Fish Oils are held with increased firmness, but there is very little demand except for store lots. Sales of Crude Whale at 55c, and Refined do at 60c, 4 mos. Sperm Oil is but little inquired after. 50 bbls Red Oil, sold at 64c. Linseed Oil is in good demand at a further advance, and the stock is very much reduced. Small sales, in lots, at 87@92c, cash, closing at the latter. Lard Oil is very quiet, ranging from 60 to 66c, on time, for No. 1 Winter, and 50@55c for inferior. Olive Oil is held at $1,50. 100 boxes Marseilles sold at $3,75@4,25 for quarts and pints. In Palm Oil no further sales have been reported. The market is well supplied with Petroleum, and the article may be quoted 1@2c higher. Sales of 1,500 brls Crude at 9¾@10¾ cts, and 800 brls Refined at 20@25 cts, cash. A lot of 5,000 brls of the

and White at $1,30@1,34. To-day there was very little offered, and the sales comprised 1,500 bushels good and prime Red at $1,25@1,27.

Freight on Flour from Cincinnati....90c@$1,10 ₱ brl.
" " Pittsburg..... 72c "
" " Chicago.....$1@1.10 "
" " Milwaukie..... 95c "

Rye—Supplies come forward slowly, and it is in steady demand at last week's quotations. Sales of 900 bushels Pennsylvania at 67c. There are no Southern here.

Corn—The receipts have been quite moderate since Friday last, and it is in good request at former rates. Sales of 32,000 bushels prime Yellow at 54c afloat, 53@ 54c, in store, and 5,000 bushels damaged at 43@52c, according to quality and condition. To-day prices advanced one cent ₱ bushel, with sales of 4,500 bushels Yellow at 54c in store, and 55c afloat, including a small lot of fair White at 57c.

here to operate in.

HIDES—Are dull. There have been no arrivals or sales this week.

HOPS—Are held with much firmness, and there is more inquiry. Sales of first sort Eastern and Western at 16@18c ₱ lb.

INDIGO—There is very little inquiry, and no change to notice in prices. Sales of 10 chests Bengal at $1,90 @2,10, cash; 10 cases Manilla at $1,15@1,25; 5 ceroons Guatemala at $1,65@1,75.

IRON—There is a very firm feeling in the market for Pig Metal, with a material falling off in the supplies from the Lehigh region. Holders are firm. Sales of 500 tons Anthracite at $23,50@24, 6 mos, for No. 1, and $23, 6 mos, for No. 2.

Blooms—For prime quality there is some inquiry, but other kinds are neglected. Sales of best Charcoal at $60, 6 mos.

SUGAR—There is a firm feeling in the market, and a steady inquiry both from the refiners and the home trade. Sales of 1,100 hhds Cuba—mostly for refining—at $7,25@8; 16 hhds damaged do at $6,50; and 50 boxes Havana, No. 10, at 8$, on time. The steamship "Suwanee" arrived from New Orleans, on the 1st inst., with 223 hhds—the first importation from that section since the breaking out of the rebellion.

The stock of Sugar at this port on the 1st inst., as made up by Messrs. Field & Keehmle, compared with that on hand July 1st last year, was as follows:—

Levee Cotton Press No. 4 — Discovery of a Federal Prison in New Orleans

By Joe H. Crosby

It is most appropriate that the story of the recent discovery of another Federal Prison in New Orleans, located in the Levee Cotton Press No. 4, should first be told before a New Orleans meeting of the Congress. The entire story of the House Correspondence will be printed in future issues of the S.P.A. Journal.

Pictured above is Sam House, a Tennessee Volunteer, who enlisted on April 21, 1861 at Memphis and was assigned as a Corporal in Company L, 1st Regiment, Tennessee Heavy Artillery. He and his unit were captured and paroled at Vicksburg, Miss. on July 4, 1863. Sam and some other members of this Regiment reported for duty after their

CIVIL WAR PATRIOTIC (

The patriotic fervor that swept the country at the beginning of the Civil War resulted in a large number of illustrated envelopes being produced to express these sentiments. Usage peaked in early 1862, and as the grim realities of war affected the populace, patriotic symbols and rhetoric became less fashionable. Over 5000 different designs have been catalogued, some of which were designed primarily for patriotic envelope collectors toward the end of the war, and were never postally used. Examples of use with the one-cent Franklin are relatively scarce.

THE BATTLE AT CHURUBUSCO, MEXICO

POSTAGE USED AS REVENUE STAMPS

BANK CHECKS

The correct documentary tax rate for checks during the 1863 time period was 2¢ for any amount over $20. Lack of availability of revenue stamps and ignorance of the tax law led to the illegal use of postage stamps as tax stamps. Although such use is scarce, many of the surviving examples are incorrectly paid.

PREPAID SHIP LETTERS OR PUB

The unusual 5¢ franking on the following covers could prepaid ship letters - OR - they could result from an overpayment of one-cent above the usual 1¢ for carrier plus 3¢ letter postage. The instructions for the new rates effective July 1, 1863, could have been misinterpreted to this result. Since almost all of the known covers with this odd rate are dated in the month of July, 1863, this latter explanation is a likely possibility.

kintown, New Hampshire

New York City, July 24, 1863. This is the example cover that Stanley Ashbrook used to futher his controversial contention that the 5¢ prepaid "ship letter" rate was accepted for a period after the July 1, 1863 rate increase to 6¢.

TRANSATLANTIC MAIL

WRAPPERS

During the 1860s, the rate for newspapers to most transatlantic destinations was 2¢, regardless of weight. This paid only for U.S. inland postage. The balance was collected from the addressee. Postage due was generally equivalent to about 2¢ U.S. Wrappers were required to be open at both ends to facilitate inspection. No written material could be enclosed.

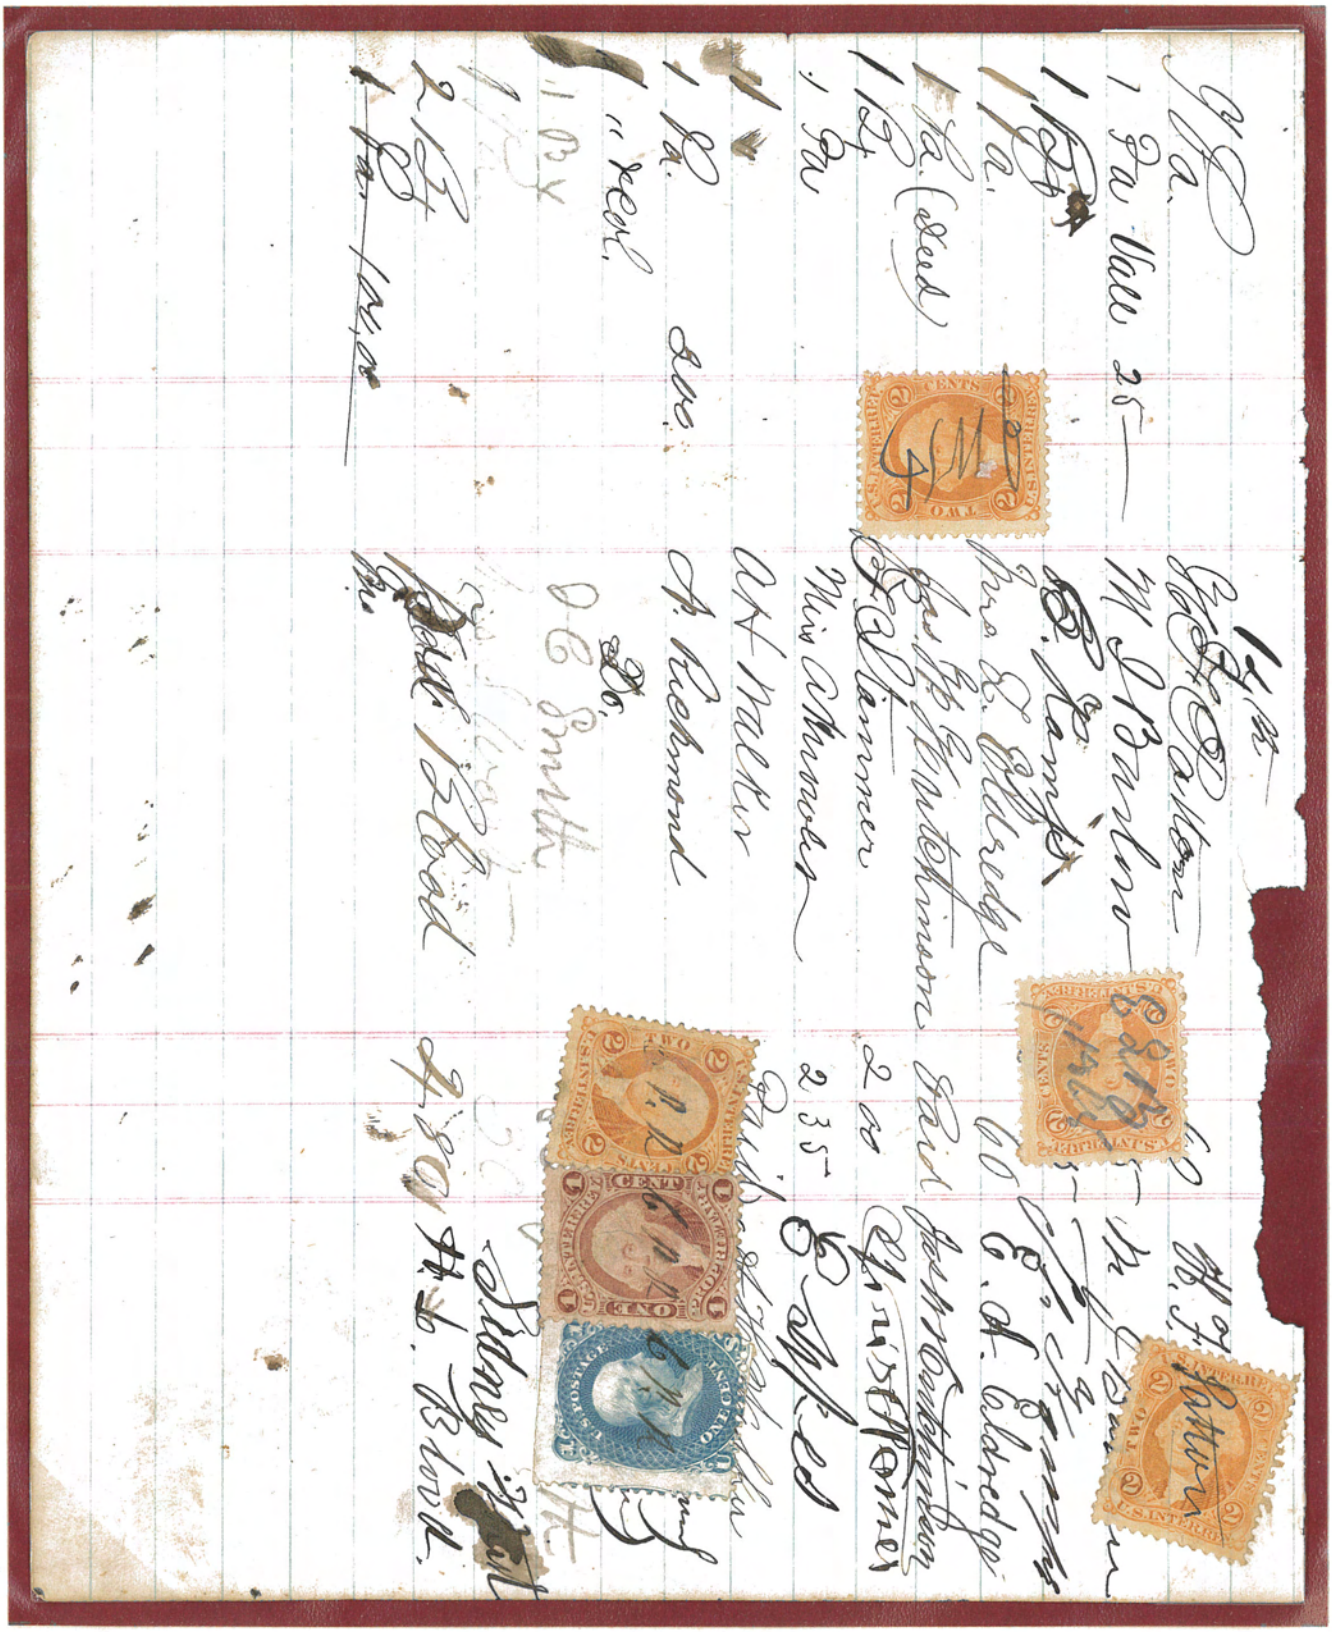
ENCASED POSTAGE

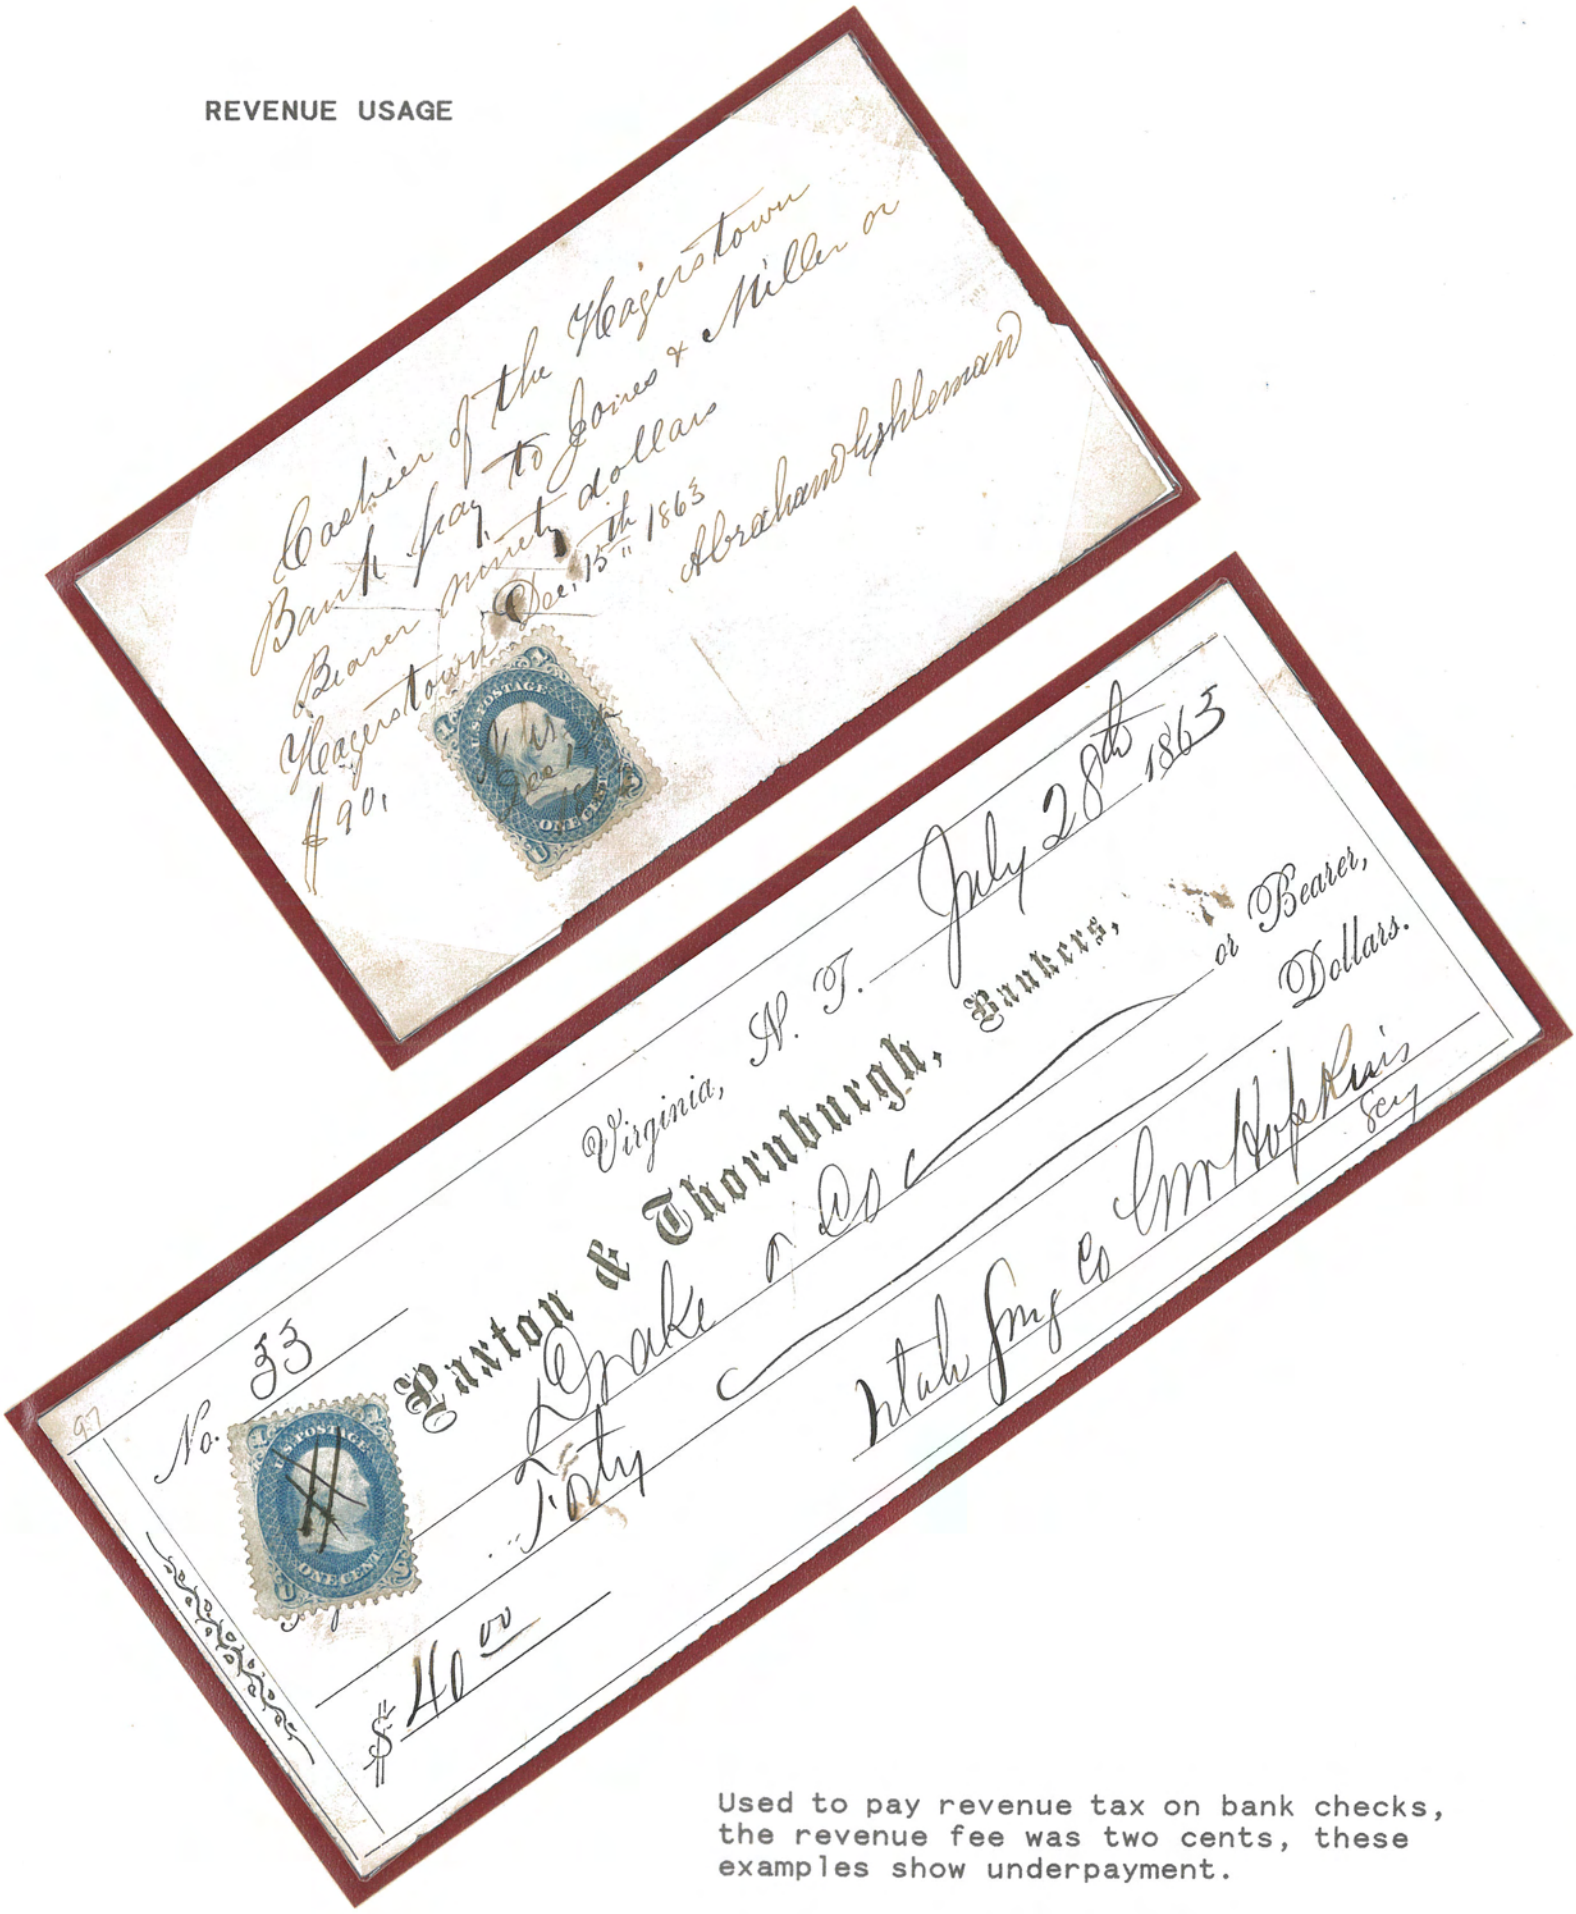
During the Civil War there was a shortage of metals which caused a shortage of small change. In 1862 John G. Gault patented postage coins which were stamps encased in brass with a mica face and used by many companies for advertising on the backs.

REVENUE USAGE



Portion of a ledger with One Cent Franklin used as revenue

REVENUE USAGE



Used to pay revenue tax on bank checks, the revenue fee was two cents, these examples show underpayment.

AUXILIARY MARKINGS

Saco, Maine, to Sacarappa, Maine, three cents was the required postage. The letter was underpaid and DUE 2 cents applied. Post Office could penalize sender two times underpayment for deliberate underpayment, apparently an oversight of the sender.

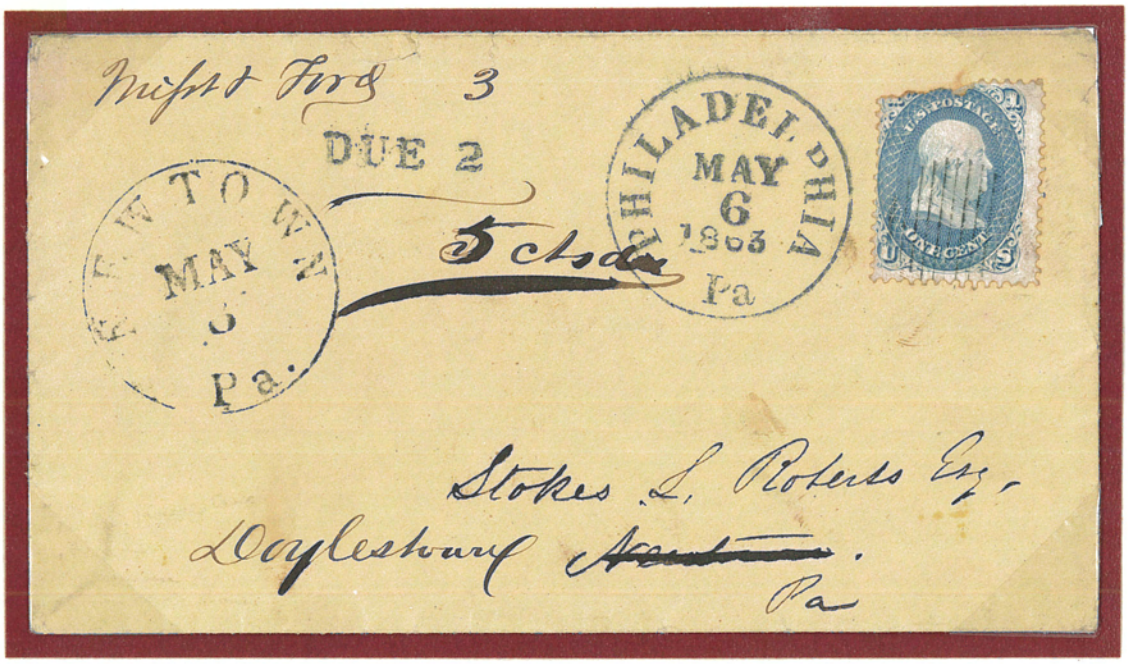
Sender tried to use a two cent bank check revenue stamp to pay two cents of the required three cent rate, shows DUE 2 cents

AUXILIARY MARKINGS

Boonville, New York framed "ADVERTISED" which was used when a letter was not called for and was advertised for pickup

New York to New Haven, Connecticut with "HELD FOR POSTAGE" cancel, probably because the letter was deposited without the collection fee.

AUXILIARY MARKINGS



Philadelphia, Pa., to Newton, Pa, due 2 cents, rate 3 cents for domestic use, fowarded to Doyleshan, Pa., due 3 cents for a total of 5 cents due. Note patent cancel.

At this Institution the sick are cured without being POISONED with drugs. Every form of disease is treated WITHOUT drug-medicine of any kind. As the same influences that will keep a healthy person sound will restore an invalid, we give the sick nothing that would injure a healthy person. We know that we have cured hundreds of cases that had previously tried almost every other system of medical practice without benefit. Send for a Circular.
