IMPERFORATE FORMATS

Unperforated Alaska-Yukon-Pacific
Postage Stamps.

OFFICE OF THIRD ASS'T P. M. GEN'L,
WASHINGTON, D. C., July 13, 1909.

The Department is now prepared to issue Alaska-Yukon-Pacific 2-cent postage stamps without the usual perforations in sheets of 280 stamps each. They are intended primarily for use in stamp-vending and stamp-affixing machines, but will be sold to all applicants for full sheets.

To secure these stamps postmasters will make requisition on Form 3201, writing the words "Alaska-unperforated" plainly at the top of the blank.

A. L. LAWSHE,
Third Ass't P. M. Gen'l.

GS-221

The Alaska-Yukon-Exposition issue was printed from plates of 280 subjects. The imperforated stamps were supplied to vending machine manufactures in the entire 280 subject sheets, accounting for the existence of centerline and arrow blocks.
