Dear Sir

Mr Thayer has handed me your letter to him, as you fall within the limits of my District rather than his.

The examination which you desire, should be carried on in Boston, at the State House, where the rolls of the Massachusetts line are preserved.

I do not perceive that you point out any particular object to be gained at this place. But if there should be, and you will let me know it, I shall be happy to do what I can to promote it.

Yours very truly

My dear General:

Last evening on my return from a 48 hours run to Washington on orders I had the pleasure of finding your note.

I relied confidently that a vessel 340 feet long coming in and anchoring off the battery would be published in a separate paragraph from the actual shipping list and the more as one sees long notices of little gun boats and their distinguished Commanders. I think we would be heralded if we carried with us a newspaper correspondent, but as we will soon leave will not think him necessary.

We are now in the dry dock at the Navy Yard looking after the rudder and some other necessary work, and probably will be here

My dear Dr,

I have been on the go ever since I left you on Memphis; returned here on the 30th ultimo.

Now let me thank Mrs. Oberly and yourself for your kind and welcoming hospitality while on your station.

I saw the new Surgeon General with regard to Dennis's bill. He seems to think Taylor ought to have been reported for incompetency - over three $25 a month was ample compensation for medical attendance - I told Wales that you knew Taylor was here & knew the service and then your subsequence was chiefly on their account. I mentioned to him that you were in my opinion, one of the best officers in the

TERMS AND CONDITIONS ON WHICH MESSAGES ARE RECEIVED BY THIS COMPANY FOR TRANSMISSION.

The public are notified, that, in order to guard against mistakes in the transmission of messages, every message of importance ought to be repeated, by being sent back from the station at which it is to be received to the station from which it is originally sent. Half the usual price for transmission will be charged for repeating the message; and while this Company will, as heretofore, use every precaution to insure correctness, it will not be responsible for mistakes or delays in the transmission or delivery of repeated messages beyond an amount exceeding five hundred times the amount paid for sending the message; nor will it be responsible for mistakes or delays in the transmission of unrepeated messages from whatever cause they may arise, nor for delays arising from interruptions in the workings of its Telegraphs, nor for any mistake or omission of any other Company over whose lines a message is to be sent to reach the place of destination. My Dear Child.

After you left us, on that sad Sunday evening, I could not realize it was true, but a dreadful dream, from which I must awaken, but no such relief was granted, and I prayed that I might be given strength to bear all that was in store for me. I was not well enough to leave my room until the following Sunday when I dined down stairs, and since, I have taken all my meals at the table, except breakfast, which I do not have until about 10 o'clock; I am better, but not entirely well, and shall not be, until this dreadful war is over, and my nerves can be quiet. I am constantly hearing your nose and startled with the noise of the latch key, & the desire to see you only for a little while, nearly overpowers me. We received your letters, two to me, and one to Pa, and likewise Tom.

You seem to enjoy yourself very much, though among such a strange crew, and packed away like cattle, but I suppose the novelty was the charm, and the scenery and the new country through which you passed, must be very different from what you have been accustomed. I suppose by this time you have joined your troop, and

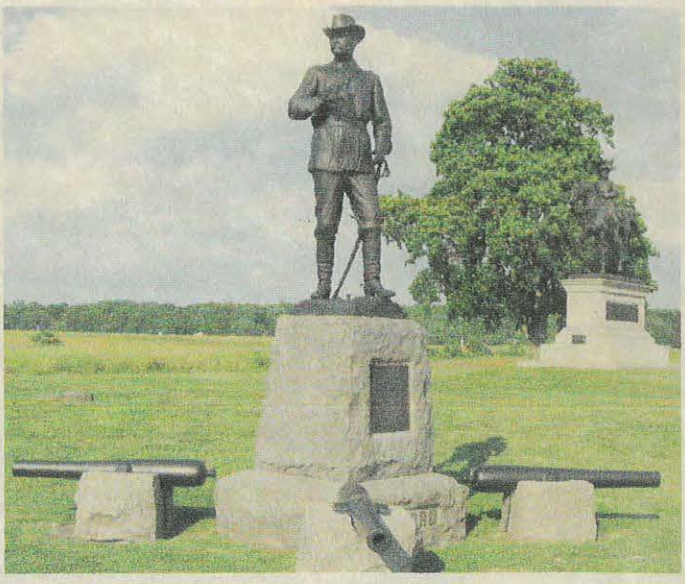

Our garden looks well, we have such plenty of showers that every thing grows finely. I wish I could send you a mess of peas, and string beans &c. Mrs Miller house is so full that some persons have rooms at the Steamboat house and the Swan Hotel hostess has taken one or two houses in their neighborhood. Our baby grows more lovely every day, he is a great pleasure to me, indeed I should be very unhappy without him: little Tom is quite sick from some affection of the liver, I am afraid he will never be very healthy. All the rest of the two families are well and all say they miss you very much. My dear child I hope you will read Your little testament, and that you will respect the Sabbath, and remember that it is not from a mere desire for your temporal good but that you may fulfil your responsibility to a higher Power, and trust in him in whose hands you seem now to be entirely [redacted] pla[redacted] never sleep without committin[redacted] this care. You know what I would [redacted] e, and as I do not want to read [redacted] y, I will only remind you of the grea[redacted] ations that will surround you, and nothing but prayer to God will ever preserve you from [redacted] in which your Mother never forgets you. My old friend Capt. Wm H. Forbes C.S. is under orders for St. Louis, and will probably be required to report to you for duty. In that case, permit me to assure you, that he is a highly honorable, upright and efficient officer. He was Chief Commy of my expedition last year, and has seen a good deal of service. I have known him for more than twenty five years, and can testify to his ability to fill any position in the Subsistence Dept. to which he may be appointed.

Dear Mrs. Willard:

Please express my warm appreciation to the Fifth Maine Marial Society, and Ladies Auxiliary for their greetings.

It was in the Fifth Maine that I realized what our Country is. Whatever service I have seen since, does not compare with those hard, but glorious days of 61 to 65.

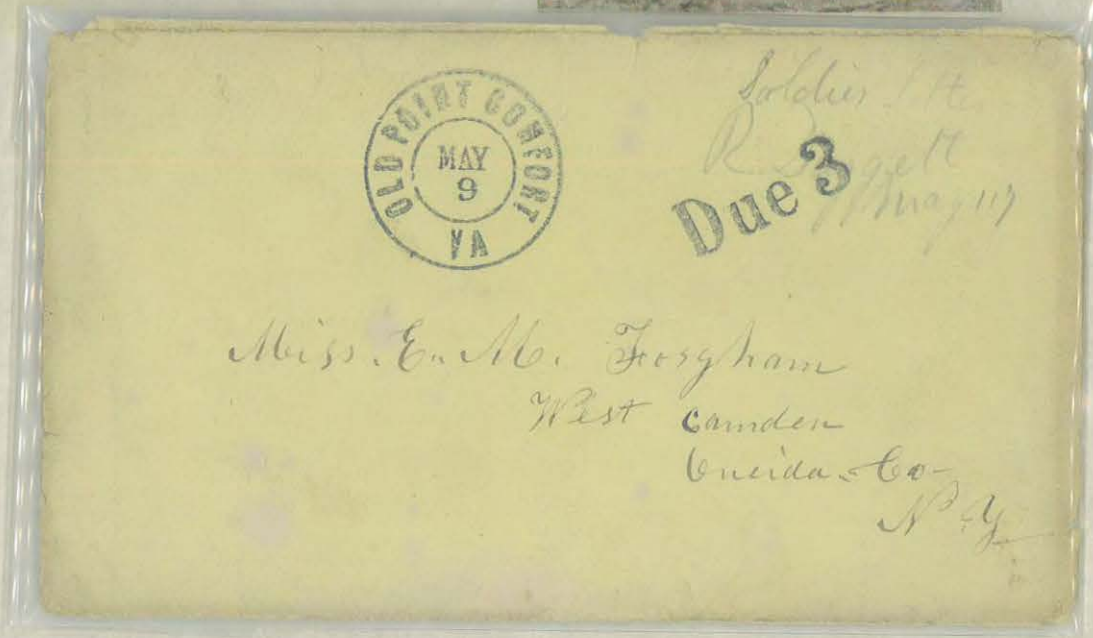

I would be glad to visit the Fifth Maine House, and see the surviving widows, and sons and daughters of the old Comrades; but I am not able to do it: though in most ways, I am quite well,

Sir.

I have just returned from a three days visit to New York. I found everything just about the same as when we left. Jardine received an order from the War Dept. to report at some point in Southern Indiana to take charge of a Battalion of three companies to protect the Union People of that section against an expected rising of the copperheads. or O. A. K or whatever they are. Jardine could'nt see it, but is now waiting in N.Y. to hear what answer will be returned to a communication sent to the War Dept. by Genl. Hays stating his condition &c.

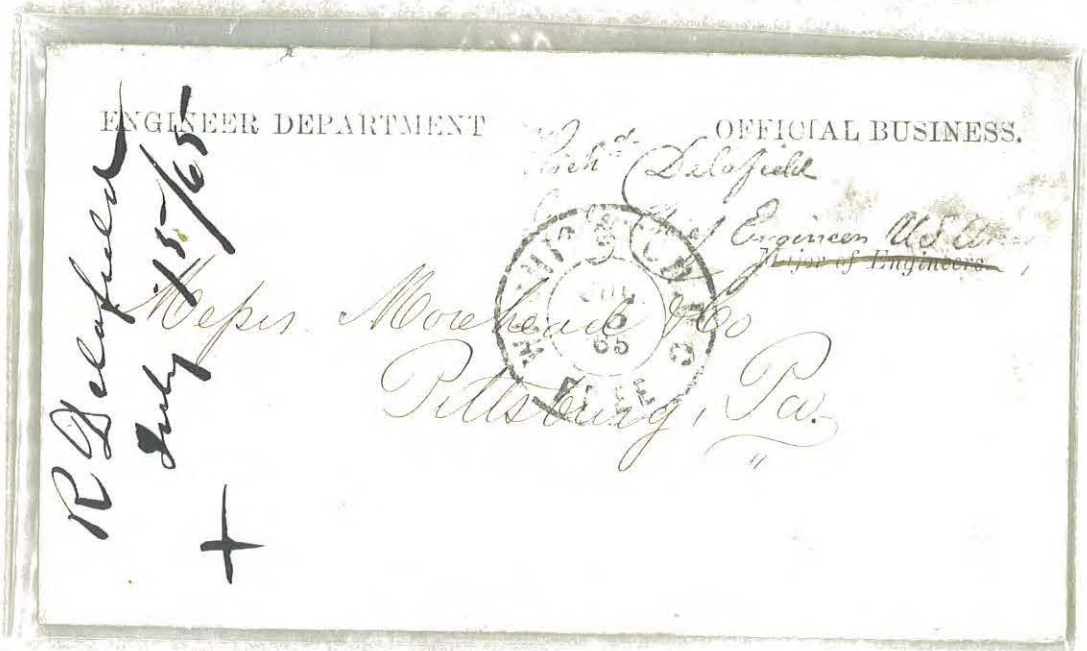

That affair of mine remains the same as when I wrote you last. (if I knew the Latin for it I would write it, but I dont) I heard indirectly that Dr Peters had written a letter to the Provost Mar. Genl. endorsing my application for a change of station. that means I suppose that he wrote that I was'nt worth a Cuss and they might put me where they pleased but he didn't want me. While I was in N.Y. I met

GEN. RICHARD DELAFIELD, USA

When in the City you enquired of me the Character and prospects of one of my young Soldiers, in whose friends you took an interest

The result of the examination in Mathematics has placed Cadet Williamson, the young gentleman reference to, at the head of his class, and decidedly No. 1— showing a Superior Mind to any of his class. mates.—

When he Commenced his studies in September, he was arranged in the lowest Section of a class of upwards of Seventy, and has regularly raised himself to the head.—

The result of the examination in French is equally favorable. placing Williamson as No. 1 in that branch of Study also.— His friends cannot have heard these facts, you may therefore if you desire ~~have~~ the Justice to convey Most gratifying intelligence to them.—

Dear Sir:

In reply to the schedule of enquiries concerning Museums of Natural History sent you by this office in the month of October having been received, I deem it proper to say, that while it would have greatly expedited the work of compiling the statistics to have had them in hand by Nov. 1st. (the date mentioned in the printed letter) it was not intended to fix that as the time after which replies to the enquiries would be too late for use in the forthcoming report. You would therefore greatly oblige us by sending the information solicited on or before the 1st Jan. prox., if practicable. Additional forms will be sent you if desired.

how are you all. I returned from a hunting trip yesterday with 130 Ducks and should have sent Gen Otis a Box with some for you but the weather been so warm that I was obliged to give them away here. How about dividend on W. C. Bank & Co's acct. I wrote to Dave sometime since but he said dividend had not been declared yet. Have you sold my Oil safe, refrigerator or cage. I heard Cullen had bought the safe. If there is any first rate Maple Sugar to be had, I wish you would send me 30 to 40 lbs per Merchants Despatch or Steamunion first time to Warsaw Hancock County Ill. I was shocked to hear of H Thompsons death. My best regards to Gen Otis and family and to your family and all friends Yours Truly

Dear Markland

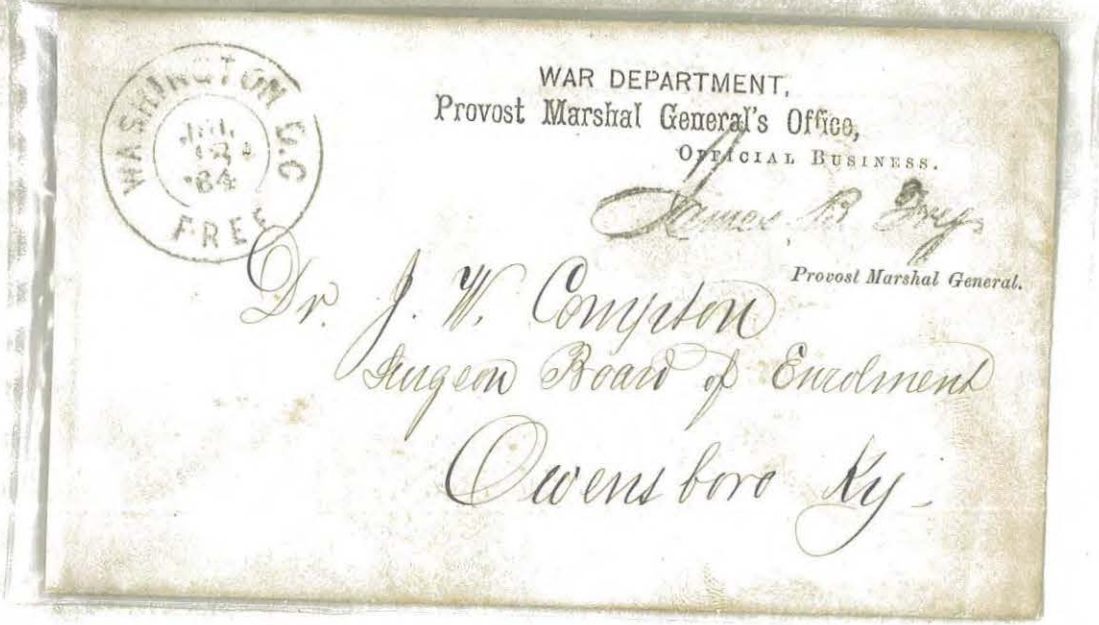

Here is a letter from McClellan. It is addressed to me, but he authorizes me to use it in Buell's interest. Hence I send it to you to push along through Some Channel that you sent Hancock's through.

I have other influences at work, which I think will do good in connection. Let me know what you do, & hear.

Yours

James B. Fry

Of course the Miss: River Com. is not connected with Buell's accounts, but it would give him $3000 - a year, if successful & respectable employment, & would permit him to retain his present residence and employment. He might & have a much higher place.

in transmitting the petition to Congress for the reason, that I was severely wounded in the Battle of the Wilderness on the 6th of May while in command of the 2d Division of the 6th Corps, and under the then existing laws might have been retired with the rank of Brig. I did not ask nor assume command of any Selected Division nor to be separated from my brave men, but participate in all the subsequent campaigns & Battles of the war, including the glorious Shenandoah Campaign, of which you make mention, till the final surrender of Gen'l Lee's Army at Appomattox.

Dear Comrade. December 26 1884.

I have just inviting me, specially, to be present at the Meeting of our Dept. Encampment, in Fort Wayne, at its approaching January session.

I have hoped to meet and mingle with the Comrades, on that occasion, but cannot, now, make a positive pledge, owing to business contingencies, beyond my control.

Not doubting but that the meeting will be one of special interest, and hoping that I may enjoy its associations

I am faithfully Yours

Dear Sir:

Have just rec'd your letter of the 4th with its enclosure. I wish you would exchange the property covered by the Mortgage or make any kind of a trade that will release me from the Lynch matter, &c. Lynch says he will never pay another cent on any of the Brooklyn property either for taxes, interest or anything else. He considers it a high swindle and looks on all his money put into it as lost; gives it no more thought or attention and will not contribute another cent &c.

Dear Sir:-

Mr Hooper, through Mr. Farnham, offers 10 cents per foot for lot No. 16, containing 17,500 feet, adjoining his own land on Reservoir St; he also offers $2,500 for lots numbered 15 and 16, together, containing 35,000 feet. No. 15 you will remember is next to Mr. Gurneys on Bayswater St; it is very low, contains all the water pipes we have left, and is not available for any building purpose. The price offered is but about 7H cents per foot for this lot, reckoning 10 cents for No. 16; and we should not be willing to sell either lot to any person other than Hooper or Gurney for the price named, but as they are unexceptionable neighbors, perhaps it would be best to sell, but we are not anxious to do so.

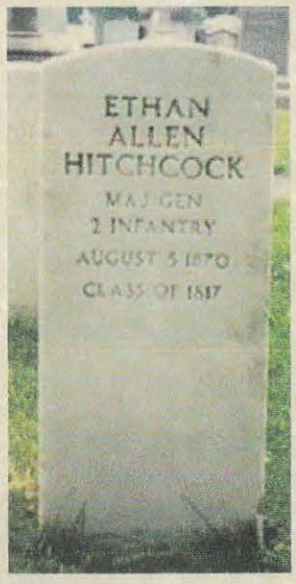

If you concur with me, and desire to sell one or both lots, please to say so to Mr. Farnham, with the usual conditions concerning division fences, &c. to be maintained by Mr. Hooper. I have expected to get 5 cents for No. 15 and 12½ for 16, but am inclined to think that if we sell 16 for 10 cts. it is best to let 15 go with it, at the price offered.

Yours very truly. Edw W. Hincks

CAPT. WILLIAM LEVERETH HUDSON, USN

New York Jan'y 17th 1859

Dear Hudson

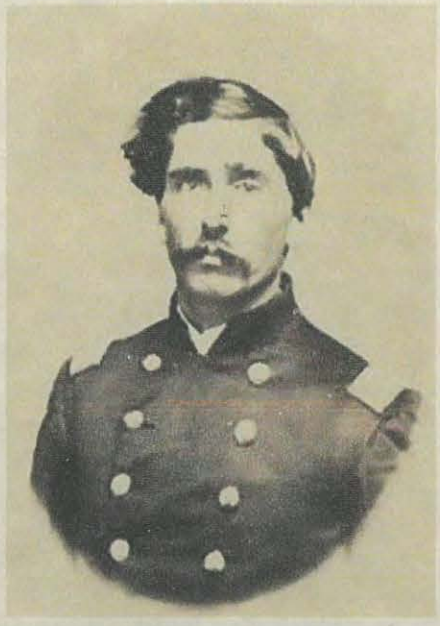

Yours, enclosing a copy of the Pay Bill was duly received & I am much obliged to you for it. it meets with general favor among all classes of Officers so far as I have heard- there was a rumor that the Medical Officers were not satisfied with their proportion of the Increase, but I doubt very much whether this is true of them- and, as it extends the limitation to 30 years instead of 20- thereby adding two terms of five years each, increase, besides the 25 per cent, they would be very unreasonable & grasping, not to be content with it- by-the-bye- this extension of their limitation ought to be more explicitly stated, so as to state the amount at which each limitation or extension rather, is intended to give- which I presume is $200 additional, every five years, until it reaches 30 years- this being the amount of increase which they got now, for every five years they are in their respective grades-

If the Bill shall be amended so as to define more exactly its meaning by substituting the words

in China or Japan.

True, in China they are hanging one or two N. J. Coronets. But you wouldn't mind that. You are a light-weight.

Seriously, though, I think you had better hold on at Paris, seeing the Exposition, until you write me what you want, if Egypt can't be had.

We are all well at Lenox. Only there is a little breeze between me and 24-carat pure hair, Porter. You go to the Herald Bureau, and read the Herald, and find out all about it. Then write me what you know about it.

My dear Kinsman:-

I am very much annoyed that you did not get my early letter in June, because that explained everything; but being written in Washington I have no copy of it. I would advise you if your health will permit at all to hold on where you are for the present. The only ground that I can urge an exchange of places upon is ill health, and the same ill health that prevents your filling the office of Judge would seem to prevent your filling the office of Consul General at the same place. I wrote you that an exchange could be made probably for a small Consulship in the south of France or Germany. I do not believe I can do any more. I have answered now every letter that I have received from you and I have written you two or three times besides. As my Washington letter and some others have had a printed direction on the envelope to the care of the U. S. Consul General in Egypt, I do not see why you have not received them.

Please write me so that I may know where you are and how I may direct my letters to Egypt if I do not direct them right.

Yours truly,

Ben F Butler

I congratulate you on your promotion. Yesterday speaking to Col. Mundell, just returned from Washington and the east generally, he told me that he was informed when he was in Washington that your name, at any rate, would be sent in for one of the vacant Brigadierships - I made an reply to this whereupon he said "yes every body has a good word to say for Ruger"

My Dear Daughters —

Allow me to introduce you to Col. Mygatt who is returning to Cleveland and kindly bears you my letter — Col Mygatt resides in the City of Cleveland. has resigned his commission on account of ill health — he is an estimable Gentleman and he will bring you tidings of me. as we have been together since last march — This I know will sufficiently interest you in him. if nothing else would —

I received your kind letter last Evening. and was glad to hear from you again — and learn that you are well — and yet I was sorry that my previous letters should have made you sad — Yet I feel that I but did my duty in writing you as I did — besides the necessity of impressing upon your minds — the importance

P.S. You ask me what I think of the removal of Genl McClellan? I can hardly say what I think a bout it — Others who have a better chance of judging than I have, think it a blessing — how I do not know — but I am inclined to say about it with them.

Dear John,

This is a great day as you must know in all catholick Countries, the bells are ringing and every thing seems to put on the face of happyness though I am sure I have a little of the blues. notwithstanding the ever joyous face of the country, which is blooming night and day; though after all this the people that make the country pleasant, but what a doubly pleasant place this would be were the inhabitans one hundredth part equal to the clime they live in, we arrived here after a long and tedious voyage of sixty days, and yet have the longest part of our trip to make to arive at our station in the Pacific, having already sailed seven thousand miles since we left New York, and have as many more yet to make before we get around Cape Horn, which is never doubled without much blowing of fingers, and many gales of winds and much snow

Dec 19 Received a letter from Lee on Tuesday Nov 25th dated Nov 17th & a good comfortable letter it was from you about a month ago it was a short letter & we are all delighted to hear from you & to know that you are well & getting along so nicely. I wrote you a long letter about two weeks ago & I guess you have received it by this time. I am very well & have not a single headache since I left Plattsburgh. Have my eyes examined before you start & be sure & get a pair of spectacles that will suit you. Do not forget to write immediately on receiving this letter & tell me all about your journey & how you like Chicago. Write me a long letter & tell me all the news. Tell me how you like your new home & how you are pleased with it. Tell me if you have any society there & if you have formed any acquaintances. Tell me if you have any neighbors & what they are like. Tell me if you have any children in the neighborhood & if you have any schools there. Tell me if you have any churches there & what denomination they belong to. Dr Sir

Yours of the 5 inst. was duly rec'd in which you apprised me of my duty under act of 24 of March 1815, and requesting that any receipts I might have on hand from the late Prothonotary, might be forwarded immediately. You are Dr Sir, no such receipt in my possession, not having seen the late Prothonotary since he left the office. The amount rec'd on his acc't is a small one, but will be paid over as soon as an opportunity so to do occurs, and the receipt forwarded immediately.

You may rely on my conforming strictly to the duties incumbent upon me as Prothy.

I must ask your indulgence for this delay, it was occasioned by a temporary absence from this place, on a visit to one much esteemed Past. of the U. S.

Very Respectfully Yours

The attention of Parents, Guardians, and friends of Cadets is called *particularly* to the following regulations; which are indispensable to the welfare of the Academy, and must be enforced strictly and literally in all cases. REGULATIONS, par. 72...Any Cadet who shall at the examinations in June and January have an amount of demerit exceeding one hundred, for the previous six months, shall be declared deficient in conduct, and recommended to the War Department for discharge.

REGULATIONS, par. 148...No Cadet shall apply for or receive money, or any other supplies, from his parents, or from any person whomsoever, without permission from the Secretary of War, on the recommendation of the Superintendent; any infraction or violation of this regulation will be considered a positive disobedience of orders, and punished accordingly.

by as handsome wall & dome -

The column of water appears to be about six inches in diameter: is of a brick red color and strongly charged with iron - The taste is to me delicious: being slightly acid.

In the chapel on the hill I purchased the enclosed ribbon, on which is marked the "measure of the most holy hands of our Lady of Zaulalupe" -

In the chapel of the Spring I bought the enclosed "Cantico" - In the grand Church, during service I purchased an embroidered likeness of "Nuestra Senora"

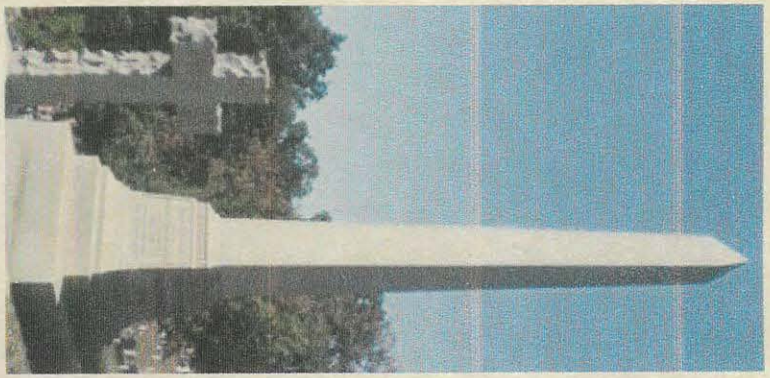

Have you seen the "Leonidas" & "Veritas" letters? They are now said to have been written by Gen. Pillow!

Good night - much love to all

Sir:

I am in receipt of your letter of the 5th ultimo, in reference to the distribution of the proceeds of the prize schooner "Major Barbour".

A decree was entered in this case, on the 28th day of January last, directing a distribution among the officers and crew of the "De Soto" and "Kittatinny." You are misinformed as to the Montgomery, for she was not included. This decree was based upon the testimony of James Roberts (master) Richard T. Bates (mate) Edward F. Alley (seaman) Peter Pratz and F. Montanez Y. Marcy, all persons found on board the "Major Barbour" and examined as witnesses in preparatorio, and George E. Welch (lieutenant) George W. Garrison (master's mate) and John O. Brady (master's mate), officers of the "Kittatinny." F. H. by competent authority. If I had an official copy of that order, I could, if I chose, apply for commutation if I went into the field, and the Gov't would have to pay it; and as the order must be in existence among the papers of the Dept. Bureau, I would like to have an official copy of it to be used if found desirable. Do please set your Clerks to work to hunt it up and send it to me.

We are all well here, and expecting by every steamer another Sup. Gen. to take charge of Fort Point. I suggest to Abbot that he should apply, but he does not seem to take the idea, as far as I can learn.

Shastin to congratulate you on this auspicious event.

It is true, as I remarked to a group of officers last night, that not one human being in or out of the army can or will criticize unfavorably this appointment, for you have been regarded by most every one, as the coming man, your career, services and attainments having indicated that you could not be passed by without gross injustice.

We all here sincerely hope that you will not be taken from our midst, and sent elsewhere.

Hoping to live to yet see "Two Stars" on your shoulders, I remain dear General faithfully and sincerely Your Friend of 36 years standing

Dear Lang,

If I were you I would disown & disinherit a cousin & correspondent so guiltless but perhaps the a last sweet missive I sent may have softened your righteous indignation - I hope you liked the Ship we were all perfectly delighted with your appreciation of the sea boy, it was the special choice & purchase of Elizabeth and myself - if you had been near Washington I should have joined the party but fearing they would find me an incumbrance particularly if this perverse head of mine ached debarred me - but if you get within a few miles of Washington & that a days separation will compass the trip John and I are coming down - Your Father and Willie were delighted with their trip especially the former - the people in Washington said they had not seen any one in such good spirits for a long time & he has returned home of
